

Lunch orders are now **online!**

No more waiting for Tatay's rounds. Order from your desk in a minute.

BEFORE

~~Tatay walks to every department and takes orders by voice~~

**NOW**

Fill in one Lark form and your order is recorded

HOW IT WORKS

TATAY**Shares today's menu**

Tatay gives the list of foods he can deliver to HR.

1**HR****Sets up the Lark form**

HR ticks the foods available today. New dishes get added to the food list for later.

2**LARK****Form opens to everyone**

Only today's foods show up. The form stays open for about 1 to 2 hours.

3**YOU****Place your order**

Type how many of each food you want. Your name is filled in for you.

Remarks: extra requests here

HR**Generates and prints**

One click creates the totals per food and the orders per employee, then HR prints it.

5**TATAY****Delivers your lunch**

Tatay follows the printed list, so every order reaches the right person.
